The members of Mad Mob SF openly identify ourselves as consumers, patients, clients, survivors, people with mental health challenges, disabilities, barriers, mad gifts or mental illness in order to fight stigma.

How has the COVID-19 pandemic affected your mental health? Have you been able to access services? How would you change the mental health system in San Francisco?

Open Meeting and Discussion
Thursday, July 30, 4-5:30pm
For video or call-in info, email raia@sdaction.org or call (415)217-9882
